- Headquartered in Brisbane, Australia serving customers worldwide for a decade
- Dhanush has 1000+ qualified & skilled consultants globally providing services for Fortune 500 customers
- Dhanush has been servicing various TAFE's & RTO's for the last 3 years with quality content development and IT Services

### Dhanush Service Offerings

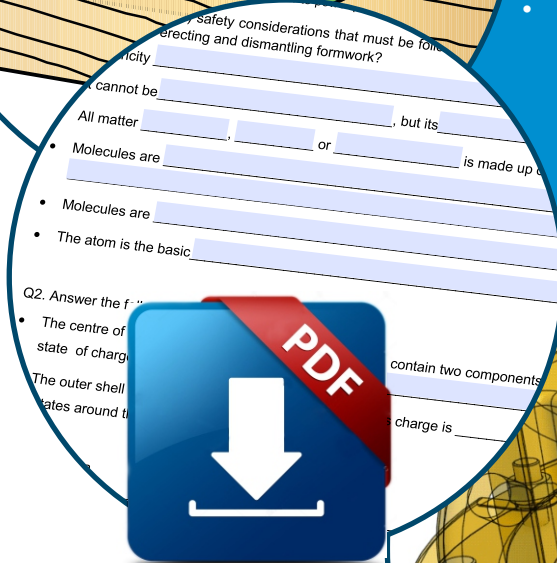

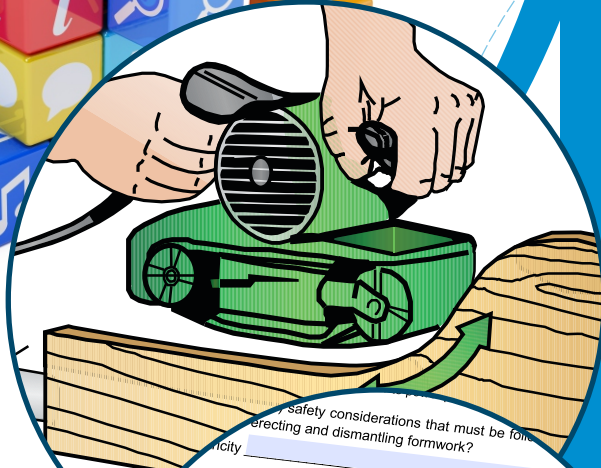

- Story Board Development
- Multimedia Development
- Illustrator Drawings
- Activity Book Development
- Auto CAD Drawings

## Snapshot of Our Content Development Services

### Story Board Development

- A story board for eLearning content development specifies the text/visual elements, audio/video elements and interactions
- Development of a quality story board empowers users to assimilate the concepts easily
- Dhanush developed story boards enhance effectiveness and efficiency resulting in faster learning

## Activity Book Development

- Activity Books give students with limited internet access an additional method of learning

## Auto CAD Drawings

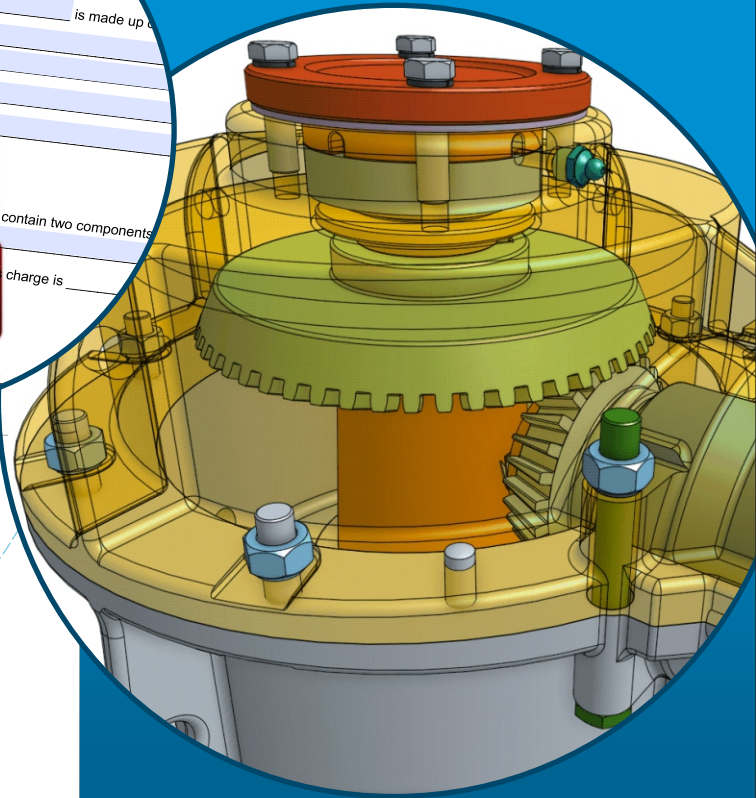

- Dhanush development and digital design teams work on the Auto CAD tools to create the high quality Auto CAD drawing
- Our digital media developers and graphic artists work in concert with our content development team to ensure that projects are both visually impressive and instructionally sound

## Multimedia Development

- Multimedia development enhances the students learning experience by using interactive activities, videos and 2D illustrations, Dhanush has wide experience in developing complex simulations and e-learning content
- The Dhanush design team is well-equipped to manage a comprehensive variety of multimedia development tasks

## Illustrator Drawings

- Vector-oriented images look rich in detail and quality on any device with high resolution
- Vector graphic images are scalable to any proportion or resolution without losing the quality

*“Dhanush offer one-stop resource development, outstanding client focus and fast turnaround that has underpinned our speed to market”*
